

## DUO GRENADILLE

Susanne and Mikael are married and we enjoy to work and play together. Our project **Duo Grenadille** gives us the chance to perform in the church room and we work often with choirs or in many kinds of church ceremonies.

Transcriptions of J S Bach, W A Mozart and L von Beethoven are some of the composers we have in our repertoire and when we work with choirs we arrange songs to create a unique concert.

The main part of our repertoire are christmas songs. Our friend, composer **Jean Chatillion**, has helped us to collect and created a repertoire with christmas songs from all corners of the world.
